

# A Message from Main Street Market

March 13, 2020

As a part of the Bangor and Slate Belt community, our guiding focus has been how can we best serve our community, both as a grocer and as an employer. Our thoughts are with you all as we face these uncertain times and the potential effects of coronavirus (COVID-19). In the store, we will remain vigilant to ensure a clean and safe environment for our customers, employees and suppliers. We understand the vital role our store plays and are working to make sure our shelves stay stocked and our doors remain open.

We've all heard about shoppers across our region stocking up on certain items. To be sure we have an ample supply of high-demand items for all customers, we are limiting the purchase of the products below.

Limit of 2 each per order

- Purified, distilled, and spring water, 1 gallon

Limit of 3 each per order

- Cases of water

Limit of 1 each per order

- Toilet paper packs

Thank you,

Duane & Nichole Smith
